Pole Mount Cabinets

Outdoor Equipment Cabinets

Pole Mount Cabinets

Locating equipment in a pole mounted cabinet provides obvious advantages for cable management and protection from vandallism and other unwanted interference.

The ICS Pole Mount cabinet solution is much more than a cabinet, as it incorporates a systematic installation process using a pole mount frame to minimise risk to the installer, and there is also an integrated ladder support to cater for the technicians involved in equipment maintenance and upgrade works in the future.

The cabinet is of heavy duty construction with both front and rear doors, and all air-vents are vermin protected.

Key Features

- ✓ 11RU twin skin cabinet
- ✓ Internal rack channels manufactured from pre-galvanised steel sheet
- ✓ Galvanised steel construction
- ✓ Provision for rack mounted distribution panel
- ✓ Integrated ladder support for safety
- ✓ Hot dip galvanised pole mounting frame
- ✓ Separate Pole Mount support for easy installation
- ✓ 2 or 3-point locking system
- ✓ Concealed hinges with door stays
- ✓ Ventilation - Inlet vents top and bottom

Typical Pole Mount Cabinet

Common Variations

- Rack mounted distribution panel
- Aluminium or stainless steel fabrication
- Replaceable air filters
- Fresh Air Fan Cooling (Open-Loop)
 - Forced air ventilation consists of a centrifugal fan in the roof cavity that draws air into the cabinet through a filter panel in each door
- 15mm Thermobreak™ insulation
- Air Conditioner (Closed-Loop)
 - Low power Thermo Electric Coolers are most suitable for this size cabinet. Suitable for ambient temperatures ranging from -15° to +55°C. Unit contains control system that maintains internal temperature within a pre-determined range

Custom design and construction available, please contact ICS Industries for more information.

Additional Services and Support

ICS Industries can provide total care and services including:

- Site design, civil & electrical engineering
- Logistics
- Factory fit-out and commissioning
- Installation including civil and electrical works

At ICS, we undertake a consultative approach towards your project. Whether you require one or all of our services offered, we can provide you with cost effective solutions to deliver consistent results.
